The following proposals, received on DAP between December 1-15, 2013, have been approved. For more information on the DAP process, see the Academic Handbook at www.uwo.ca/univse/handbook.

**FACULTY OF ENGINEERING**

**Effective March 1, 2014, introduce a new course.**

**Engineering Science 2274A/B - Mechanical & Materials Engineering Externship Program I**
The Engineering Externship Program provides Engineering Undergraduates with a four month placement at a participating post-secondary institution which offers courses related to a practical Certificate Program. Completion of ES 2274A/B satisfies the requirements for an Ontario College Local Certificate as defined by Fanshawe College.
Prerequisite(s): Completion of first year of the Engineering program, 60% YWA with no failed courses. Non-credit course.

**Effective March 1, 2014, revise the calendar copy for ES 2275.**

**Engineering Science 2275A/B - Mechanical & Materials Engineering Externship Program II**
The Engineering Externship Program provides Engineering Undergraduates with a four month placement at a participating post-secondary institution which offers courses related to a practical Certificate Diploma Program. Completion of ES 2275A/B and its prerequisite satisfies the requirements for an Ontario College Graduate Certificate from Fanshawe College.
Prerequisite(s): Completion of second year of the Engineering program, 60% YWA with no failed courses. ES 2274A/B
Non-credit course.

**Effective September 1, 2014, update the prerequisites for ECE 3374A/B.**

**Electrical and Computer Engineering 3374A/B - Introduction to Electronics for Mechanical Engineering**
This course is an introduction to the electronics used to collect data and analyse and control mechanical and electrical systems. The first half of the course introduces basic electronic components, while the second half focuses on higher-level hardware used in data acquisition, sensor integration and motor control applications.
Antirequisite(s): ECE 2277A/B, ECE 3332A/B, ECE 3333A/B, ECE 3375A/B
Prerequisite(s): ECE 2274A/B or the former ECE 3373A/B or ECE 2238A/B
3 lecture hours, 1.5 laboratory hours, 0.5 course.

**Effective September 1, 2014, Electrical Engineering Option B will be revised to include a technical elective and to adjust to upcoming changes in the course timetable.**

**B. ELECTRICAL ENGINEERING AND BUSINESS OPTION**

**Fourth-Year Program**
Applied Project Requirement: Business Administration 4569.

**Fifth-Year Program**
ECE 3332A/B, ECE 4416, ECE 4429A/B, ECE 4437A/B, ECE 4470A/B, ES 4498F/G, one 0.5 technical elective from the approved list
3.0 Business Administration courses:
0.5 course: International Perspective Requirement: Business Administration 4505A/B.
0.5 course: Corporations and Society Perspective Requirement: at least one 0.5 course from Business Administration 4521A/B, 4522A/B, 4523A/B or other business elective as determined and approved by the HBA Program Director to satisfy this requirement.
2.0 elective courses chosen from 4000-level Business courses.

*Selection of the non-technical elective must be approved by the Department Counsellor to satisfy the CEAB requirements of subject matter that deals with central issues, methodologies, and thought processes of the humanities and social sciences. An approved list can be found on the Engineering website.

** Mechatronic Systems Engineering technical electives

Effective September 1, 2014, change the Engineering Excellence Admission Program requirements.

ENGINEERING EXCELLENCE ADMISSION PROGRAM
Requirements
All students satisfying the following conditions will be guaranteed acceptance to their department of choice in second year within the Faculty of Engineering.

Students admitted directly to Western’s Faculty of Engineering on the basis of an Ontario, Out-of-Province, or International High School Diploma:
Students must have achieved both a minimum 85% mid-year and final admission average, including prerequisites for the Faculty of Engineering as calculated by Western’s Admission Office.

AND
Students must successfully complete all requirements for the first year Engineering program with at least an 80% weighted average on a full course load.

Effective September 1, 2014, remove GPE 2218A/B from the Green Process Engineering Curriculum and replace with CBE 2224A/B.

**Note:** The Honors Specialization in Kinesiology - BSc is a limited enrolment program. More competitive academic standing may be required when demand exceeds enrolment capacity. Admission to the module is restricted to students registered in the School of Kinesiology.

... Effective March 1, 2014, an antirequisite be added to Kinesiology 4585 (Field Experience in Athletic Therapy).

**Kinesiology 4585 - Field Experience in Athletic Therapy**

This course provides students with the opportunity to put theory into practice within the sport system available at Western. Students will work closely with athletic teams in assigned areas and under course-instructor supervision.

Antirequisite(s): The former Kinesiology 4485Y
Prerequisite(s): Kinesiology 3336A/B; current certification in Emergency First Responder (EFR) Training.
3 lecture/seminar hours, 1.0 course
Restricted to students in fourth year Honors Specialization in Kinesiology and subject to Faculty procedural guidelines and approval.

Effective September 1, 2014, Kinesiology 3476F/G (Exercise and Health Behaviour Change) will be revised.

**Kinesiology 3476F/G - Exercise and Health Behaviour Change**

This course will focus on (a) intervention grounded in behaviour change theory that positively influences physical activity in disease populations and (b) using exercise as a therapy to improve various health outcomes.

Antirequisite(s): The former Kinesiology 4476F/G.
Prerequisite(s): Kinesiology 2276F/G or permission of the School of Kinesiology.
Corequisite(s): Kinesiology 2032A/B.
3 lecture hours, 0.5 course.
It is strongly recommended that Kinesiology 2032A/B be completed prior to, or concurrently with, Kinesiology 3476F/G.

**SCHULICH SCHOOL OF MEDICINE AND DENTISTRY**

**MEDICINE**

Effective September 1, 2014, the following revisions be made to the Medicine Admission Requirements. These changes are editorial in nature and as such were accepted to DAP as an exception.

**ADMISSION REQUIREMENTS**

... 1. Degree Requirements

... Graduate students are required to have completed all requirements for their graduate degree, and their thesis (if required) must be submitted for defense by the examination committee prior to registration in the MD Program. Graduate student applicants must supply a letter from their supervisors by June 1 indicating that they will be able to meet this condition.

Schulich Medicine will no longer consider applications to the first year of the medical program from individuals who are currently registered in a Doctor of Medicine Program or equivalent elsewhere.

... 3. Interview

... Select applicants will be invited for an interview beginning in March. Individuals who satisfy the academic requirements as determined by the Admissions Committee each year will have their applications reviewed
carefully and will receive consideration for an interview. Interviews are structured, standardized 45-minute interviews with a panel of three: one faculty member/physician, one senior medical student, and one community representative.

Many factors contribute to the final determination of which applicants will be invited for an interview. Achieving the minimum GPA and MCAT scores does not guarantee an invitation to be interviewed.

**Health Care Improvement in Southwestern Ontario and Indigenous Communities**

Only in exceptional circumstances will applicants with a GPA of less than 3.30 or MCAT score below BS 8, PS 8, VR 8, WS O, be considered for the designated seats. Applicants invited to an interview will be welcomed by an interview panel consisting of an Indigenous physician, Indigenous community member, and senior medical student.

### 2. MD/BESc Program

A maximum of three seats are available each year for applicants to the MD/BESc Program who are deemed competitive with the general application pool. Please note only applicants who are pre-registered in the MD/BESc program in the Faculty of Engineering at Western University are eligible for these seats. The combined program is available in conjunction with the Software, Biochemical, Civil, Electrical, Mechanical, and Integrated Engineering programs. For further information, please visit the Special Programs section of the MD Admissions website at [http://www.schulich.uwo.ca/admissions/medicine/specialprogramsfaq#FAQ 3](http://www.schulich.uwo.ca/admissions/medicine/specialprogramsfaq#FAQ 3)

**Additional Information for Applicants**

1. **Co-op Programs and Clinical Placements**
   
   All degree programs that have a co-op or clinical placement component are dealt with on an individual basis. Questions about how this is considered, should be emailed to admissions.medicine@schulich.uwo.ca. If applicants are enrolled in an Honors-level co-op degree program, their academic course work will be considered as follows:

   - **4. Summer Courses**
     
     Summer courses will not be counted in the overall GPA for interview and admission consideration. Summer courses will not be counted as part of the September to April course load.

**FACULTY OF SOCIAL SCIENCE**

**MANAGEMENT AND ORGANIZATIONAL STUDIES**

Effective **January 1, 2014**, the prerequisites for the following courses will be updated.

**Management and Organizational Studies 3330A/B - Operations Management for Management and Organizational Studies**

An analysis of the principles, theories and practices critical to managing an organization. Overview of analytical models and approaches to improving operating systems. Attention is paid to both service and manufacturing operations.

- Antirequisite(s): Business Administration 3304K.
- Prerequisite(s): MOS 1020A/B or both MOS 1021A/B and 1023A/B and Enrolment 3rd or 4th year of BMOS or Music Administrative Studies (MAS).

3 lecture hours, 0.5 course.

**Management and Organizational Studies 4485F/G: Human Resource Management for HR Students**

Overview of the key theories and practices of human resource management (HRM) in different organizational settings. Topics include job design and analysis, strategic planning, staffing, performance management,
training, development, health and safety, as well as other aspects affecting HRM.

Antirequisite(s): MOS 3385A/B, the former MOS 382E.

Prerequisite(s): One of: MOS 2181A/B, MOS 3280F/G, MOS 2180, 2280F/G, Psychology 2060, 2660A/B, Sociology 2169, and enrolment in 4th year of BMOS. Enrolment in 4th year of a Consumer Behavior or Human Resource Management module in BMOS.

3 lecture hours, 0.5 course.

Effective September 1, 2014, the BMOS Internship Program be revised as follows.

BMOS INTERNSHIP PROGRAM

The BMOS Internship Program includes a series of preparatory sessions, an 8 to 16 month internship in a relevant employment setting, and a post-internship component. All students enrolled in the 3rd year of a BMOS module, are eligible to apply to the BMOS Internship Program. The minimum academic admission requirement is a 70% average in 2nd year and the successful completion of Business Administration 2257. Students will be required to attend all preparatory workshops. An administration fee is payable upon appointment to an internship placement. Students who have qualified to receive a continuing scholarship for the academic year during which they participate in the BMOS Internship Program are permitted to defer receipt of the scholarship for one year. Participation in the internship placement will delay graduation by one year. A Pass/Fail grade will be assigned. Credit for the internship cannot be counted toward any degree or program. Successful completion will be recognized at the head of a student’s degree transcript through the addition of the words “With internship”. Interested students should apply to the BMOS Internship Coordinator by October of their 3rd academic year. Please note that International students are not eligible for this program, unless they find their own internship.

POLITICAL SCIENCE

Effective September 1, 2014, the calendar course description for Political Science 1020E be revised.

Political Science 1020E – Introduction to Political Science
A study of principal concepts, ideas and analytical methods of modern political science, with emphasis on the political systems of Canada and other selected countries.
An introduction to the study of politics. The course focuses on ideas (including politics, power, democracy, justice, freedom), ideologies (including liberalism, conservatism, socialism, feminism), institutions (including the
nation-state, constitutions, legislatures, executives, the judiciary), political mobilization (participation, elections, parties, interest groups), and research skills, emphasizing Canadian, comparative, and international examples.

MANAGEMENT AND ORGANIZATIONAL STUDIES

Effective September 1, 2014, the notes for the following courses be revised.

Management and Organizational Studies 3490 – Internship
Preparatory workshops and an 8 month industry placement to acquire practical professional learning experience. The course will be taught as a series of workshops throughout the year. Following the industry placement, interns must complete a written report and oral presentation on work undertaken during the internship.
Prerequisite(s): Business Administration 2257, completion of 2nd year of BMOS Program with a minimum average of 70%, and participation in Preparation and Training Workshops.
Non-credit, Pass/Fail.
Note: (1) Since Internships are not currently available to international students, they are not permitted to register in this course; (2) This credit cannot be included in the number of courses counted toward any degree or program; (3) Successful completion of MOS 3490 will be recognized at the head of a student's degree transcript through the addition of the words "With Internship".

Management and Organizational Studies 3491 – Internship
Preparatory workshops and a 9 - 12 month industry placement to acquire practical professional learning experience. The course will be taught as a series of workshops throughout the year. Following the industry placement, interns must complete a written report and oral presentation on work undertaken during the internship.
Prerequisite(s): Business Administration 2257, completion of 2nd year of BMOS Program with a minimum average of 70%, and participation in Preparation and Training Workshops.
Non-credit, Pass/Fail.
Note: (1) Since Internships are not currently available to international students, they are not permitted to register in this course; (2) This credit cannot be included in the number of courses counted toward any degree or program; (3) Successful completion of MOS 3491 will be recognized at the head of a student's degree transcript through the addition of the words "With Internship".

Management and Organizational Studies 3492 – Internship
Preparatory workshops and a 13-16 month industry placement to acquire practical professional learning experience. The course will be taught as a series of workshops throughout the year. Following the industry placement, interns must complete a written report and oral presentation on work undertaken during the internship.
Prerequisite(s): Business Administration 2257, completion of 2nd year of BMOS Program with a minimum average of 70%, and participation in Preparation and Training Workshops.
Non-credit, Pass/Fail.
Note: (1) Since Internships are not currently available to international students, they are not permitted to register in this course; (2) This credit cannot be included in the number of courses counted toward any degree or program; (3) Successful completion of MOS 3492 will be recognized at the head of a student's degree transcript through the addition of the words "With Internship".

Management and Organizational Studies 3493 – Internship
Preparatory workshops and a new 8 - 12 month industry placement to acquire practical professional learning experience. The course will be taught as a series of workshops throughout the year. Following the industry placement, interns must complete a written report and oral presentation on work undertaken during the internship.
Prerequisite(s): Business Administration 2257, completion of 2nd year of BMOS Program with a minimum average of 70%, participation in Preparation and Training Workshops, and MOS 3490.
Non-credit, Pass/Fail.
Note: (1) Since Internships are not currently available to international students, they are not permitted to register in this course; (2) This credit cannot be included in the number of courses counted toward any degree or program; (3) Successful completion of MOS 3490 will be recognized at the head of a student’s degree transcript through the addition of the words “With Internship”.
