FACULTY OF ARTS AND HUMANITIES

MODERN LANGUAGES AND LITERATURES

Effective March 1, 2015, the following courses will be introduced.

Digital Humanities 2130A/B: Introduction to Digital History
In this course students will learn how historical content is produced, presented and published online; how to find and evaluate digital primary and secondary sources; and how to use computational techniques to work with digital resources. No previous background in the subject area is required.
Antirequisite(s): History 2816A/B, 3816F/G, Digital Humanities 3902F/G.
4.0 hours, 0.5 course.

Digital Humanities 2144A/B: Data Analytics: Principles and Tools
A comprehensive and interdisciplinary introduction to data analytics using modern computing systems, with equal attention to fundamentals and practical aspects. Topics include sources of data, data formats and transformation, usage of spreadsheets and databases, statistical analysis, pattern recognition, data mining, big data, and methods for data presentation and visualization.
Antirequisite(s): Computer Science 2034A/B
2 lecture hours, 2 laboratory/tutorial hours, 0.5 course.

Digital Humanities 3221A/B: Data Visualization
This interdisciplinary course addresses three main issues: how information can and should be represented; how computers can allow us to interact with information; and how interactive information supports knowledge-driven activities. Case studies explore a variety of disciplines using various tools.
Antirequisite(s): Computer Science 3375A/B
Prerequisite(s): Computer Science 2121A/B, 2210A/B, Digital Humanities 2220A/B, 2221A/B or permission of the Department.
2 lecture hours, 2 laboratory/tutorial hours, 0.5 course.

Digital Humanities 3600F/G/Z: Internship with Digital Humanities
The Academic Internship is an unpaid, credit internship with minimum of 60 hours. The internship will require students to make connections with academic study while undertaking supervised duties in organizations, businesses or community groups with interests related to Digital Humanities.
Prerequisite(s): Permission of the Department. Registration in the third or fourth year of a module in Digital Humanities, with a minimum cumulative modular average of 75%. Approval of, and acceptance into, an internship placement.
Pre-or Corequisite(s): Students must have completed or are completing the required courses and at least 50% of the module.
0.5 course credit, Pass, or Fail. Students accepted for an internship will arrange individual programs with supervising faculty. The student is required to a) maintain a suitable level of performance in the position as verified by the employer through evaluations and b) submit a mid-
term as well as a final report, demonstrating how the experience gained through the internship relates to his/her coursework and program of study.
