

The following proposals, received on DAP between October 16-31, 2011, have been approved.
For more information on the DAP process, see the Academic Handbook at www.uwo.ca/univse/handbook.

FACULTY OF HEALTH SCIENCES

KINESIOLOGY

Effective **September 1, 2011**, the **Dance Courses** information included in the Kinesiology section of the UWO Academic Calendar be updated.

DANCE COURSES

Dance courses are considered principal Kinesiology courses. Dance **2274A/B**, 2275A/B, 2276A/B, 2375A/B, may be combined with or replace Physical Activity Skill or Coaching courses to complete physical activity course requirements. ~~{delete 2475A/B, 2476A/B}~~

A maximum of 1.0 courses from: Dance 2270A/B, 2475A/B, 2476A/B and Dance courses at the 3000-4000 level can be used to complete non activity Kinesiology module(s) course requirements.

Effective **September 1, 2011** the prerequisite of registration in the School of Kinesiology be removed for Kinesiology 1080A/B.

Kinesiology 1080A/B Introduction to Psychomotor Behaviour

Fundamental concepts and theories related to movement learning and control will be introduced. The material will address many of the factors that affect the production of motor behaviour. Students will learn about the basis for movement skill and variables that can be used to improve level of skill.

Antirequisite(s): The former Kinesiology 280a/b.

3 lecture hours, 3 laboratory hours biweekly, 0.5 course.

Effective **September 1, 2011** the prerequisite of registration in the School of Kinesiology be removed for Kinesiology 1088A/B.

Kinesiology 1088A/B - Introduction to Sport Psychology

An introduction to a wide variety of skills and methods that are available to coaches and athletes to enhance participation, performance and enjoyment in a sporting or physical activity. The course will focus on how individual motivation and behaviour are affected and which skills and methods are used during coaching intervention.

Antirequisite(s): The former Kinesiology 288a/b.

3 lecture hours, 3 laboratory hours biweekly, 0.5 course.

Effective **September 1, 2011**, registration in the School of Kinesiology be removed as a prerequisite for Kinesiology 2241A/B.

Kinesiology 2241A/B - Biomechanics

An introduction in a qualitative as opposed to a quantitative manner to the mechanical aspects important to human movement in sport, exercise, dance, and the work place. An emphasis on the development of qualitative analytical skills using videotape technology.

3 lecture hours, 3 laboratory hours biweekly, 0.5 course.

Effective **September 1, 2011**, a prerequisite of Kinesiology 3337A/B be added to Kinesiology 4433A/B.

Kinesiology 4433A/B - Physiology of Exercise Training

Investigation of current knowledge of the prescription and the physiological effects of training, with emphasis on aerobic and anaerobic energy systems, strength training. Training programs for healthy adults and for sport performance are both discussed.

Prerequisite(s): Kinesiology 2230A/B; **Kinesiology 3337A/B**

3 lecture hours, 0.5 course.

Note: Priority to BSc Honors Specialization Kinesiology students.

Effective **September 1, 2011**, the corequisite of Kinesiology 4432A/B (Physiology of Exercise) be removed from Kinesiology 4443.

Kinesiology 4443 - Senior Bioscience Research Project

The course is intended to provide a major laboratory course in experimental Kinesiology. The course involves laboratory research, instruction and communication in science.

Prerequisite(s): Restricted to students in fourth year BSc Honors Specialization-Kinesiology; permission of the instructor.

3 lecture/tutorial hours, 1.0 course.

Effective **September 1, 2011**, item #2 under **Additional Information** in the KINESIOLOGY MODULE INFORMATION section of the UWO Academic Calendar pertaining to the statistics prerequisite for Kinesiology 2032A/B be revised as outlined below.

KINESIOLOGY MODULE INFORMATION

For complete details on course requirements that fulfill a specific Kinesiology module refer to the appropriate Kinesiology module section as listed. For details on additional modules refer to the Module Chart as well as the respective Faculty and Program sections of the Calendar. Use www.registrar.uwo.ca to review additional module course prerequisites.

All Kinesiology students must comply with University policies on "breadth requirements," "essay designated course requirements" and "Graduation requirements" as listed in the Academic Calendar.

Additional Information:

1. The Honors Specialization in Kinesiology BSc:

Students in this module must select three full or equivalent science options offered by the Faculty of Science. These science options must be at the 2200 level or above and successfully completed prior to graduation.

Note: Kinesiology students graduating with the Honors Bachelor of Science Degree Honors Specialization in Kinesiology are recognized as having met the University graduation policies pertaining to Science course requirements.

2. All students must complete a 0.5 **Introductory** Statistics course as a pre or co requisite to Kinesiology 2032A/B.

FACULTY OF SCIENCE

EARTH SCIENCES

Effective **September 1, 2012**, the antirequisites for Earth Sciences 1022A/B be revised.

Earth Sciences 1022A/B - Earth Rocks!

What our planet is made of, how it works, and how it affects us. Framed on the interactions of the lithosphere, hydrosphere, atmosphere and biosphere. Specific topics include: geological time and earth history; formation of rocks and minerals; rock deformation; volcanoes and earthquakes; plate tectonics and mountain building; natural resources.

Antirequisite(s): Earth Sciences 1070A/B, 1081A/B

2 lecture hours, 3 laboratory hours, 0.5 course.

Effective **September 1, 2012**, the antirequisites for Earth Sciences 1070A/B be revised.

Earth Sciences 1070A/B - Introduction to the Geology and Resources of Earth

An introduction to geology covering rock forming minerals and rock forming processes: Emphasis will be placed on how mineral and hydrocarbon resources develop. A survey of the geological record is carried out to illustrate how resources are classified and distributed through time.

Antirequisite(s): Earth Sciences 1022A/B, 1081A/B

Only available online, 0.5 course.

Purchase of Rock and Mineral Kit required.

Effective **September 1, 2012**, the antirequisites for Earth Sciences 1081A/B be revised.

Earth Sciences 1081A/B - Resources, Environment and Sustainability in a Material Society

This course introduces students to the relationship between humans and their geological environment. Emphasis is placed on the evidence for perturbations of Earth's natural environments by humans that impact on our planet's future. Specific topics include utilization of natural resources, waste management, water quality, geological hazards, and global change.

Antirequisite(s): Earth Sciences 1022A/B, 1070A/B

2 lecture hours, 3 laboratory hours, 0.5 course.

Effective **September 1, 2011**, the courses for the Earth Sciences Honors Geophysics module – for professional registration be revised.

HONORS GEOPHYSICS PROGRAM - For Professional Registration

Common 1st Year

Required Courses 2nd Year

5.0 courses:

4.0 courses: Earth Sciences 2123A/B, 2200A/B, 2201A/B, 2206A/B, 2220A/B, 2222A/B, 2250Y, 2260A/B.

1.0 course from category A or category B.

Required Courses to be completed in 3rd or 4th Year

10.0 courses:

5.5 courses: Earth Sciences 3320A/B, 3321A/B, 3323A/B, 3340A/B, 4420A/B, 4421A/B, 4423A/B, 4451Z, 4490E, Physics 2110A/B.

2.5 courses from: Earth Sciences 3341A/B, 3370A/B, 3371A/B, **3372A/B**, 4424A/B, 4440A/B, 4462A/B, 4470A/B, **4472A/B**, Mathematics 1600A/B or the former Linear Algebra 1600A/B, Applied Mathematics 2402A or the former Differential Equations 2402A, Applied Mathematics 4129A/B, Mathematics 3124A/B, Geography 2220A/B, 2330A/B, or Physics 2910A/B.

2.0 courses of which at least 1.0 is at a senior level.

Notes:

1. If Earth Sciences 1023A/B has been taken, Earth Sciences 2123A/B cannot be taken, and one additional 2000-level or above Earth Sciences course not otherwise required for the module must be taken as a substitute.
2. Prerequisites: Calculus 1301A/B or equivalent, Calculus 2302A/B and 2303A/B or equivalent, are required prerequisites for Earth Sciences 3323A/B, 4420A/B, 4423A/B, and 4424A/B.
3. **Geography courses will count towards your category A breadth requirement.**

Effective **September 1, 2011**, the required courses for the Honors Environmental Geoscience Program – for Professional Registration be revised.

HONORS ENVIRONMENTAL GEOSCIENCE PROGRAM – for professional registration

Common 1st Year

Required Courses 2nd Year

5.5 courses: (overload due to field course Earth Sciences 2250Y)

4.0 courses: Earth Sciences 2200A/B, 2201A/B, 2206A/B, 2220A/B, 2230A/B, 2250Y, 2260A/B, 2265A/B.

1.0 course not chosen in 1st year from: Biology 1001A, 1002B, 1201A, 1202B or the former Biology 1222, 1223, Computer Science 1025A/B, 1026A/B, 1027A/B, Calculus 1301A/B, 1501A/B, **Mathematics 1600A/B** or the former Linear Algebra 1600A/B, Mathematics 1228A/B, 1229A/B, Applied Math 1201A/B or the former **Calculus 1201A/B**, Statistical Sciences 1023A/B, 1024A/B, or the former Statistical Sciences 2122A/B, Earth Sciences 2222A/B, Geography 2210A/B.

0.5 course from category A or category B.

Required Courses 3rd Year

5.0 courses:

4.0 courses: Earth Sciences 3313A/B, 3314A/B, 3315A/B, 3340A/B, 3341A/B, 3350Y, 3370A/B; Geography 2330A/B.

1.0 course from the Open Course list below.

Required Courses 4th year

5.0 courses:

2.5 courses: Earth Sciences 3369A/B, 4440A/B, 4462A/B, 4490E.**0.5 course from:** Geography 3350A/B or 3352A/B.**1.0 course from** the Additional Earth Sciences Courses listed below**1.0 course from** the Open Course list below.

Lists of additional courses required in 3rd or 4th year:

1.0 course from: Earth Sciences 3310A/B, 3371A/B, **3372A/B**, 4431A/B, 4432A/B, 4460A/B.**Open Course list:** At least 1.0 is at a senior level; the following are recommended for additional Geoscience background but are not required: Earth Sciences 2266F/G, 3321A/B, 3369A/B, 4450Y, 4470A/B, **4472A/B**.**Note:** Geography courses will count towards your category A breadth requirement.**MATHEMATICS***Effective **September 1, 2012**, Mathematics 3157A/B - Introduction to Game Theory be introduced by the Department of Mathematics.***Mathematics 3157A/B - Introduction to Game Theory.**

A first course in the mathematical theory of games. Topics begin with the modelling of games: extensive and strategic forms; perfect information; chance. Sprague-Grundy theory of impartial combinatorial games.

Modelling preferences with utility functions. Nash equilibria, analysis of two-player games.

Prerequisites: Mathematics 1600A/B, Calculus 1301A/B or 1501A/B, and one of Mathematics 1120A/B, 2120A/B, 2122A/B, 2124A/B, or 2155A/B.

MEDICAL SCIENCES*Effective **September 1, 2012**, Calculus 1500A/B: Calculus I for the Mathematical Sciences, will be added as an alternative to Calculus 1000A/B in the Admission Requirements for the modules offered by the Basic Medical Science departments in the Schulich School of Medicine & Dentistry (modules listed below).***Current Calendar Copy for the following modules:**

Honors Specialization in Medical Cell Biology
 Honors Specialization in Biochemistry and Cell Biology
 Major in Medical Cell Biology
 Honors Specialization in Biochemistry
 Honors Specialization in Biochemistry of Infection and Immunity
 Honors Specialization in Clinical Biochemistry
 Honors Specialization in Chemical Biology
 Major in Biochemistry
 Specialization in Biochemistry
 Minor in Biochemistry
 Honors Specialization in Medical Sciences
 Major in Medical Sciences
 Specialization in Medical Sciences
 Combined BMSc/HBA Program
 Honors Specialization in Microbiology and Immunology
 Major in Microbiology and Immunology
 Specialization in Microbiology and Immunology
 Honors Specialization in Pathology and Toxicology
 Specialization in Pathology and Toxicology
 Honors Specialization in Pharmacology
 Honors Specialization in Physiology

Honors Specialization in Physiology and Pharmacology
 Honors Specialization in Physiology and Psychology
 Major in Pharmacology
 Major in Physiology
 Specialization in Pharmacology
 Specialization in Physiology
 Specialization in Physiology and Pharmacology

1.0 course from: Calculus 1000A/B or 1100A/B, Calculus 1301A/B or 1501A/B, Mathematics 1600A/B or the former Linear Algebra 1600A/B, Mathematics 1225A/B, 1228A/B, 1229A/B, Statistical Sciences 1024A/B, Applied Mathematics 1201A/B or the former Calculus 1201A/B, Applied Mathematics 1413, or the former Mathematics 030.

Revised Calendar Copy for the modules listed above:

1.0 course from: Calculus 1000A/B or 1100A/B or 1500A/B, Calculus 1301A/B or 1501A/B, Mathematics 1600A/B or the former Linear Algebra 1600A/B, Mathematics 1225A/B, 1228A/B, 1229A/B, Statistical Sciences 1024A/B, Applied Mathematics 1201A/B or the former Calculus 1201A/B, Applied Mathematics 1413, or the former Mathematics 030.

Current Calendar Copy for the following modules offered by the Department of Medical Biophysics:

Honors Specialization in Medical Biophysics (Medical Science Concentration)
 Honors Specialization in Medical Biophysics (Physical Science Concentration)
 Major in Medical Biophysics
 Specialization in Medical Biophysics
 Minor in Medical Biophysics

1.0 course from: Calculus 1000A/B or 1100A/B and Calculus 1301A/B or 1501A/B, or Applied Mathematics 1413.

Revised Calendar Copy for the modules offered by the Department of Medical Biophysics (above):

1.0 course from: Calculus 1000A/B or 1100A/B or 1500A/B, and Calculus 1301A/B or 1501A/B, or Applied Mathematics 1413.

FACULTY OF SOCIAL SCIENCE

PSYCHOLOGY

*Effective **March 1, 2012**, Psychology 2301A/B, Introduction to Clinical Psychology, AND Psychology 3320F/G, Child Psychopathology, will be removed from the academic calendar.*

*Effective **March 1, 2012**, Psychology 2320A/B, Abnormal Child Psychology, will be added to the Psychology course offerings.*

Psychology 2320A/B Abnormal Child Psychology

This is a theory course designed to introduce the wide-ranging theories of developmental psychopathology in children and adolescents. Topics will include the major DSM-IV diagnostic categories for childhood disorders, as well as research and treatment. The course orientation is empirical, with an emphasis on recent research findings with this population.

Antirequisites: Psychology 2042A/B, 2043A/B, 3320F/G.

Prerequisites: At least 60% in a 1000-level Psychology course.

2 lecture hours and 1 tutorial hour, 0.5 course

Effective **March 1, 2012**, Psychology 3300A/B, Clinical Psychology, will be added to the Psychology course offerings.

Psychology 3300A/B, Clinical Psychology

This course offers a survey of major topics in clinical psychology, including assessment and intervention approaches; experimental psychopathology; ethical, professional and theoretical issues; and emerging trends.

Antirequisites: Psychology 2301A/B.

Prerequisites: Psychology 2820E or both Psychology 2800E and 2810.

2 lecture hours, 1 tutorial hour, 0.5 course

Effective **March 1, 2012**, Psychology 3295F/G, Special Topics in Behavioral and Cognitive Neuroscience, will be added to the Psychology course offerings. Calendar copy is as follows:

Psychology 3295F/G, Special Topics in Behavioral and Cognitive Neuroscience

Topic available in Department.

Prerequisite(s): Psychology 2820E or both Psychology 2800E and 2810, and one of Psychology 2220A/B, 2221A/B.

3 lecture hours, 0.5 course

KING'S UNIVERSITY COLLEGE

HISTORY

Effective **September 1, 2012**, History 1601E be introduced at King's University College.

History 1601E Survey of East Asian History

The history of China, Korean and Japan from earliest development until modern times. The course emphasizes that although they are independent nations their histories are intertwined.

2 lecture hours, 1 tutorial hour, 1.0 course.

(Huron, King's)

Effective **September 1, 2012**, History 2187: Power to the Peoples: A History of Rights in North America be introduced at King's University College.

History 2187: Power to the Peoples: A History of Rights in North America

(Short Title: Power to the Peoples)

How did Canadians and Americans make a difference in the development of an inclusive and democratic society? This course examines various protest movements that have shaped Canadian and American History in the nineteenth and twentieth centuries.

2 lecture hours, 1 tutorial hour, 1.0 course.

(King's)

Effective **September 1, 2012**, History 2190A/B: Crime in North American Society be introduced at King's University College.

History 2190A/B: Crime in North American Society

(Short Title: Crime in North America)

An analysis of crime and law enforcement in the United States and Canada within the context of urban growth and industrial capitalism in the 19th and 20th centuries. Specific types of criminal activity will be examined, as will the development of police, prisons and vice laws.

2 lecture hours, 1 tutorial hour, 0.5 course.

(King's)

Effective **September 1, 2012**, History 2195A/B: Epidemics in North America be introduced at King's University College.

History 2195A/B: Epidemics in North America

The course will examine the social and economic impact of epidemic disease in North America

by discussing outbreaks of yellow fever, cholera, diphtheria, smallpox, Spanish influenza, polio and encephalitis. Also analyzed will be the evolution of public health services, medical theories and governmental regulations in response to such epidemics.

2 lecture hours, 1 tutorial, 0.5 course.

(King's)

Effective September 1, 2012, History 2197A/B: Origins of Global Capitalism be introduced at King's University College.

History 2197A/B: Origins of Global Capitalism

This course examines the development of global capitalism, 1500's to present. Topics include theories and varieties of capitalism, the role of the state, social institutions and technological innovation in capitalist development, migration and labour relations, the rise of the transnational corporation and modern banking, responses to underdevelopment and global inequality.

2 lecture hours, 1 tutorial hour, 0.5 course.

(King's)

Effective September 1, 2012, History 3285E: Canada in the World – Studies in Foreign Policy be introduced at King's University College.

History 3285E: Canada in the World – Studies in Foreign Policy

(Short Title: Canada in the World)

This course examines Canadian external relations since 1840, with an emphasis on the twentieth century and how diplomatic, cultural, economic, and military interactions with other states have shaped Canada's development and identity. Relations with the United Kingdom, the United States, Asia, and the developing world will be considered.

Prerequisites: 1.0 History course at the 2200-level or above, or permission of the Department.

2 lecture hours, 1 tutorial hour, 1.0 course.

(King's)

Effective September 1, 2012, History 3711F/G: State, Society and Mass Violence be introduced at King's University College.

History 3711F/G: State, Society and Mass Violence

This course examines the problem of mass violence in the 20th century with a focus on the role of the state and the social dynamics of ethnic cleansing and genocide. Topics include theories of genocide and case studies that may include the Armenian massacres, the Holocaust, Stalinism, Mao's China, and Rwanda.

Prerequisites: 1.0 History course at the 2200-level or above, or permission of the Department.

2 lecture hours, 1 tutorial, 0.5 course.

(King's)

Effective September 1, 2012, History 3714F/G: Social Bases of Fascism be introduced at King's University College.

History 3714F/G: Social Bases of Fascism

This course is a comparative history of fascist movements and fascist states in the 20th century. Topics include theories of fascism, social origins of fascist movements, the seizure of power in Italy and Germany, unsuccessful European fascist movements, fascism outside Europe, and neo-fascism.

Prerequisites: 1.0 History course at the 2200-level or above, or permission of the Department.

1 lecture hour, 2 seminar hours, 0.5 course.

(King's)

Effective September 1, 2012, History 3719E: The North American City be introduced at King's University College.

History 3719E: The North American City

An examination of the spatial, political and social evolution of cities within a North American context. The emphasis will be on the urban development of the United States and Canada that includes a comparative approach to the study of the major themes and problems of city life.

Antirequisites: History 2792E (2009-10) and History 3793E (2011-12)

Prerequisites: 1.0 History course at the 2200-level or above, or permission of the Department.

2 lecture hours, 1 seminar hour, 0.5 course.
(King's)

Effective September 1, 2012, History 4210E: Canada in the Second World War be introduced at King's University College.

History 4210E: Canada in the Second World War

This reading and research-intensive course includes the examination of Canadian success and failure on fighting fronts, political, social, and economic organization for war, domestic paranoia and repression, and the emergence of the Canadian welfare state. Students will write a major research paper based on primary documents.

Antirequisites: History 4292E (if taken in 2010-11)

Prerequisites: History 2201E and one other History course at the 2200-level or above, or permission of the Department.

3 seminar hours, 1.0 course.
(King's)

Effective September 1, 2012, History 4426E: The Catholic Church and the Holocaust be introduced at King's University College.

History 4426E: The Catholic Church and the Holocaust

(Short Title: Catholic Church & the Holocaust)

This course explores the history of the Holocaust from the perspective of Catholic-Jewish relations in Europe from the late 19th century to World War Two. Topics include anti-Judaism and political anti-Semitism, the Catholic Church in Nazi Germany, and Catholic responses to the Holocaust, from collaboration, to resistance and rescue.

Antirequisites: History 4491E (if taken in 2010-11)

Prerequisites: 2.0 History courses at the 2200-level or above, or permission of the Department.

3 seminar hours; 1.0 course.
(King's)

POLITICAL SCIENCE

Effective September 1, 2012, Political Science 2225E: Developing Countries in Global Politics will be introduced at King's University College.

Political Science 2225E - Developing Countries in Global Politics

A study of the political, economic, and social issues related to development and underdevelopment, including development strategies, global institutions, foreign aid, state building, and democratization. The focus will be on Africa, Asia, and Latin America, supplemented by attention to specific national and regional case studies.

Antirequisite(s): Political Science 2240E.

Prerequisite(s): Political Science 1020E.

3 lecture hours, 1.0 course.
(King's)

Effective September 1, 2012, Political Science 3357E: International Political Economy will be introduced at King's University College.

Political Science 3357E - International Political Economy

A study of the politics of economic relations, including relations among the advanced industrialized countries, the integration of former centrally-planned economies into the world market economy, and relations between developed and developing countries. Antirequisite(s): Political Science 3365F/G.

Prerequisite(s): Political Science 2231E or permission of the Department.

2 hours, 1.0 course.
(Huron, King's)

Effective **September 1, 2012**, *Political Science 4430E: Critical Security Studies* will be introduced at King's University College.

Political Science 4430E - Critical Security Studies

An introduction to the burgeoning field of Critical Security Studies. Central to the field is the extent to which both what is critical and what is security remain unresolved. Themes include: security and identity; securitization; gender and security; security and technology; environmental security; and human security

Antirequisite(s): Political Science 4408F/G.

Prerequisite(s): Political Science 2231E or 2237E.

2 seminar hours, 1.0 course.

(King's)

PSYCHOLOGY

Effective **September 1, 2012**, *Psychology 3125F/G The Creative Brain* be introduced at King's University College.

Psychology 3125F/G The Creative Brain

This course will provide an introduction to the Neuroscience of Creativity, Aesthetics and the Arts Research on neuroaesthetics, music and the brain, creativity and the brain, the role of emotion in cognition, spirituality and the brain and developmental issues in all of these areas will be discussed..

Prerequisite(s): Any course (0.5 or 1.0) in Psychology at the 2100 level or above.

3 seminar hours, 0.5 course

(King's)

Effective **September 1, 2012**, *Psychology 3410F/G* be introduced at King's University College.

Psychology 3410F/G - Cognitive Development

A review of theories and data related to how cognition develops in children. Topics may include the development of memory, perception, language, strategies, spatial cognition, and problem solving.

Prerequisite(s): Registration in third or fourth year of a Major, Specialization or Honors Specialization in Psychology, or permission of instructor.

3 lecture hours, 0.5 course

(Brescia, King's)

Effective **September 1, 2012**, *Psychology 3725F/G The Psychology of Prejudice* be introduced at King's University College.

Psychology 3725F/G The Psychology of Prejudice

In this course, we will examine and critique psychological theory and research related to prejudice and intergroup relations. Topics to be addressed include the causes and forms of prejudice and discrimination, experiences of disadvantage and privilege, approaches to improving intergroup attitudes, and fostering intergroup equality and social justice.

Antirequisite(s): Psychology 3773A/B (2010-11), 489G (2003-4)

Prerequisite(s): Psychology 2840F/G and registration in the third or fourth year of Honors Specialization or Honors Double Major in Psychology, or permission of the Department.

3 seminar hours, 0.5 course

(King's)

Effective **September 1, 2012**, *Psychology 3994F/G and 3995F/G* be introduced at King's University College.

Psychology 3994F/G Special Topics in Psychology

Selected topics of current interest in Psychology. Topic available in Department.

Prerequisite(s): Psychology 2840F/G and registration in the third or fourth year of Honors Specialization or Honors Double Major in Psychology, or permission of the Department.

3 seminar hours, 0.5 course

(King's)

Psychology 3995F/G Special Topics in Psychology

Selected topics of current interest in Psychology. Topic available in Department.

Prerequisite(s): Psychology 2840F/G and registration in the third or fourth year of Honors Specialization or Honors Double Major in Psychology, or permission of the Department.
3 seminar hours, 0.5 course
(King's)

Effective **September 1, 2012**, Psychology 4303F/G Mental Health and Deafness be introduced at King's University College.

Psychology 4303F/G Mental Health and Deafness

Topics include definitions of deafness, cultural models, education and language choices, identity and peer/family relationships. Clinical presentation of mental health disorders as well as best practices for treatment delivery will be examined. Issues of diversity in psychology will be highlighted as well as the role of clinician in specialty areas.

Prerequisite(s): Registration in fourth year of a degree in Psychology or permission of the Department.
3 seminar hours, 0.5 course
(King's)

Effective **September 1, 2012**, the prerequisites for Psychology 3170A/B: Psychology of Creativity at King's University College will be revised.

Psychology 3170A/B Psychology of Creativity

Origins of imaginative thinking; perceptions, emotions, memory, language and symbolic expressions in creative processes; child's intellectual functions and creative potential; psychopathology and creativity; theories of psychology of art; assessing creative thinking; criterion and prediction studies; creativity in special fields and settings; scientific and artistic creativity.

Prerequisite(s): Psychology 2840F/G, and registration in the third or fourth year of **a Major, Specialization**, Honors Specialization or Honors Double Major in Psychology, or permission of the Department.
3 lecture hours, 0.5 course.
(King's)

SOCIAL WORK

Effective **September 1, 2012**, Social Work 1020, Introduction to Social Welfare and Social Work, will be withdrawn from course offerings at King's University College.

That **effective September 1, 2012**, Social Work 1021A/B, Introduction to Social Welfare, and Social Work 1022A/B, Introduction to Social Work, will be introduced to replace it at King's University College.

Social Work 1021A/B: Introduction to Social Welfare

An introductory course on Canada's social welfare system. Emphasis is on pursuing a critical analysis of Canada's existing social welfare programs and institutions. Attention is given to the history of society's response to meeting human needs, to varying theoretical perspectives and motivations for forming the social welfare system in Canada.

Required for admission to the Social Work program.

Antirequisite(s): Social Work 1020

3 lecture hours, 0.5 course.

(King's)

Social Work 1022A/B: Introduction to Social Work

An introductory course addressing key concepts and contemporary issues in professional social work practice in Canada. The ethical underpinnings of the profession along with micro, mezzo and macro levels of intervention will be discussed and an emphasis placed on their application to diverse populations of practice in the Canadian setting.

Required for admission to the Social Work program.

Co- or Prerequisite(s): Social 1021A/B

Antirequisite(s): Social Work 1020

3 lecture hours, 0.5 course.

(King's)

Effective **September 1, 2012**, *Social Work 2205, Research Methodology and Statistics*, will be withdrawn from course offerings at King's University College.

That effective **September 1, 2012**, *Social Work 2206A/B, Research Methods for Social Workers, and Social Work 2207A/B, Introductory Statistics for Social Workers*, will be introduced to replace it at King's University College.

Social Work 2206A/B: Research Methods for Social Workers

A study of the empirical method to provide students with the basic knowledge and skills required to design and implement elementary research projects. Students will also learn how to evaluate research reports to be able to utilize the results in their professional practice.

Required for admission to the Social Work program.

Prerequisite(s): Social Work 1021A/B and 1022A/B, or the former Social Work 1020, or permission of the School.

Antirequisite(s): Health Sciences 2801A/B, Psychology 2800E, 2820E, 2840F/G, 2830A/B, 2855F/G, 2856F/G, Social Work 2205, Sociology 2206A/B

3 lecture hours, 0.5 course.

(King's)

Social Work 2207A/B: Introductory Statistics for Social Workers

An introduction to common approaches to statistical analysis including descriptive statistics, the normal curve, hypothesis testing, univariate regression and various measures of association. It includes an introduction to the use of SPSS software for data analysis.

Required for admission to the Social Work program.

Prerequisite(s): Social Work 1021A/B and 1022A/B, or the former Social Work 1020, or permission of the School.

Co- or Prerequisite(s): Social Work 2206A/B

Antirequisite(s): All other university-level statistics courses at the 2000 level or above including Health Sciences 3801A/B, Sociology 2205A/B, the former Social Work 2205, Psychology 2810, 2820E, and the former Health Sciences 2800. Students who complete Statistical Sciences 1024A/B after completion of Social Work 2207A/B, or the former Social Work 2205, will lose their credit for Social Work 2207A/B, or the former Social Work 2205.

3 lecture hours, 0.5 course.

(King's)
