FACULTY OF ARTS AND HUMANITIES

ENGLISH

Effective January 1, 2012, English 1020E: Introduction to English Literature and Cultures will be re-named Understanding Literature Today. This course is offered on main campus and at all three affiliated colleges.

**English 1020E: Understanding Literature Today**
By studying a broad range of exciting and important literary works from the past and present, this course will increase your understanding and appreciation not just of the richness and power of the works themselves, but also of the role of literature in reflecting and shaping our perceptions of the world and of ourselves.
Antirequisite(s): English 1022E, 1035E.
Prerequisite(s): Grade 12U English or permission of the Department. For part time students who have been admitted without the OSSD, this permission will be granted as a matter of course.
3 hours, 1.0 course.

Effective January 1, 2012, the title for English 1022E: Advanced Introduction to English Literatures and Cultures will change. The prerequisite will change from 80% to 85% in Grade 12 U English or permission of the Department. This course is offered on main campus only.

**English 1022E: Enriched Introduction to English Literature**
This course provides an enriched survey of the major genres, historical periods, and critical approaches to English for students with a particular interest in literature and culture. In lecture and small group tutorials, you will study poetry, prose, and drama with special emphasis on developing superior analytical and writing skills.
Antirequisite(s): English 1020E, 1035E.
Prerequisite(s): 85% or better in Grade 12U English or permission of the Department.
3 hours, 1.0 course.

Note: Students who successfully complete English 1022E and who enroll in the Honors Specialization module are exempt from English 2307E. However, they must replace it with another 1.0 English course numbered 2200 or above to meet the total of 10.0 courses required for this module

Effective January 1, 2012, English 2075F/G: Cultures of Blood: The Contemporary Gothic be introduced in the Faculty of Arts and Humanities.

**English 2075F/G: Cultures of Blood: The Contemporary Gothic**
Horror has mass appeal, producing a contemporary culture saturated in images of blood for entertainment’s sake. This course looks at horror since World War II, primarily in literature but also in film, video, dance, and photography. It asks: what anxieties does horror register? How do monsters reflect what terrifies us?
3 hours, 0.5 course.
Effective January 1, 2012, English 2018A/B: Culture of Leadership be introduced in the Faculty of Arts and Humanities. This course will be taught on main campus.

**English 2018A/B: Culture of Leadership.**
This course addresses the complex nature of leadership represented in key works of literature and culture, from Malory to Alice Munro, Shakespeare to David Mamet. We will focus on the ethical dilemmas and moral choices faced by leaders to ask what role a leader plays: hero, manager, thinker, strategist, artist, figurehead, authority?
3 hours, 0.5 course

**PHILOSOPHY**

Effective September 1, 2012, the following new half-year course will be introduced by the Faculty of Arts and Humanities: Philosophy 3031F/G.

**Philosophy 3031F/G – Women in Early Modern Philosophy**
This course is an introduction to the philosophical contributions of women to 17th and 18th Century philosophy. What were their philosophical concerns? How did they influence the course of philosophy during this period? How were their contributions received by their contemporaries and how are they viewed today?
Prerequisite: Philosophy 2202F/G Early Modern Philosophy

**Effective September 1, 2012, the following courses be introduced in the School of Kinesiology**

**Kinesiology 2902Q/R/S/T – Basketball Skills**
The development of skilled performance in selected basketball activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2202Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

**Kinesiology 2903Q/R/S/T – Canoeing**
An introduction to canoeing as a physical recreation activity. Course content will include physical and psychosocial factors affecting lifelong enjoyment of canoeing, consideration of safety issues, and development and understanding of selected skills and activities such as canoe rescue, tripping, and group limitation
recognition.

**Antirequisite(s):** the former Kinesiology 2203Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology. Successful completion of Kinesiology 2215Q/R/S/T or equivalent verified skill level in swimming.

30 lecture/laboratory hours, 0.25 course.

---

**Kinesiology 2904Q/R/S/T – Exercise Skills**

An introduction to the basic knowledge and techniques essential in designing exercise programs for beginners. Students will be expected to learn and put into practice techniques used to develop muscular strength and endurance, flexibility, and cardiovascular fitness.

**Antirequisite(s):** Kinesiology 2204Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

---

**Kinesiology 2905Q/R/S/T – Football Skills**

The development of skilled performance in selected football activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2205Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

---

**Kinesiology 2906Q/R/S/T – Golf**

An introduction to golf as a physical recreation activity. Course content will include physical and psychosocial factors affecting lifelong enjoyment of playing golf, the development and understanding of selected skills, appropriate rules, and consideration of safety and etiquette.

**Antirequisite(s):** the former Kinesiology 2206Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology. The course is designed to accommodate a diversity of skill levels.

30 lecture/laboratory hours, 0.25 course.

Note: Because this course may be offered off campus and/or outside normal course timetable days and dates, students should contact the School of Kinesiology to confirm location, dates, times and associated costs for travel and expense.

---

**Kinesiology 2907Q/R/S/T – Group Fitness**

An introduction to fitness activities that are taught in group settings including but not limited to indoor cycling, step, box, aquatic-fitness, hi-lo aerobics, and stretch classes. Students will develop three perspectives on group fitness activities: the experience of the participant, the skills and knowledge of the instructor, and the perspective of a manager responsible for programming.

**Antirequisite(s):** the former Kinesiology 2207Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

---

**Kinesiology 2908Q/R/S/T – Ice Hockey**

The development of skilled performance in selected ice hockey activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2208Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

---

**Kinesiology 2909Q/R/S/T – Judo Skills**

The development of skilled performance in selected judo activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2209Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

---

**Kinesiology 2910Q/R/S/T – Rugby Skills**
The development of skilled performance in selected rugby activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2210Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

### Kinesiology 2911Q/R/S/T – Sailing

An introduction to sailing as a physical recreation activity. Course content will include physical and psychosocial factors affecting lifelong enjoyment of sailing, consideration of safety and etiquette, and selected skills associated with the fundamental understanding of wind, water, and sailing boats.

**Antirequisite(s):** the former Kinesiology 2211Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology. Successful completion of Kinesiology 2215Q/R/S/T or equivalent verified skill level in swimming.

30 lecture/laboratory hours, 0.25 course.

Note: Because this course may be offered off campus and/or outside normal course timetable days and dates, students should contact the School of Kinesiology to confirm location, dates, times and associated costs for travel and expense.

30 lecture/laboratory hours, 0.25 course.

Note: Because this course may be offered off campus and/or outside normal course timetable days and dates, students should contact the School of Kinesiology to confirm location, dates, times and associated costs for travel and expense.

### Kinesiology 2913Q/R/S/T – Softball Skills

The development of skilled performance in selected softball activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2213Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course.

### Kinesiology 2914Q/R/S/T – Squash Skills

The development of skilled performance in selected squash activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2214Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

### Kinesiology 2915Q/R/S/T – Swimming Skills

The development of skilled performance in selected competitive swimming strokes and emergency care for an aquatic setting as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2215Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

### Kinesiology 2916Q/R/S/T – Tennis Skills

The development of skilled performance in selected tennis activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning
progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2216Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

**Kinesiology 2917Q/R/S/T – Track and Field Skills**
The development of skilled performance in selected track and field activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2217Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

**Kinesiology 2918Q/R/S/T – Volleyball Skills**
The development of skilled performance in selected volleyball activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2218Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

**Kinesiology 2919Q/R/S/T – Wrestling Skills**
The development of skilled performance in selected wrestling activities as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities.

**Antirequisite(s):** the former Kinesiology 2219Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

**Kinesiology 2920Q/R/S/T – Learn To Swim**
This course has a three-staged curriculum of instruction, based on the Canadian Red Cross Aqua Adult Program, and designed for customization to meet individual needs of those with no or limited swimming ability, or experience with swimming skills, strokes and aquatic fitness.

**Antirequisite(s):** the former Kinesiology 2223Q-001, 2223S-001 if taken in 2008-09. Kinesiology 2020Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in the School of Kinesiology.

5 lecture/laboratory hours per week for 6 weeks, 0.25 course

**Kinesiology 2921Q/R/S/T – Curling**
An introduction to curling as a physical recreation activity. Course content will include physical and psychosocial factors affecting the lifelong enjoyment of curling, consideration of safety and etiquette, equipment and attire, development and understanding of strategy, rules, selected skills and activities.

**Antirequisite(s):** The former Kinesiology 224s/t if taken in 2004-05, 224s in 2005-06, or 224r in 2006-07. the former Kinesiology 2221Q/R/S/T

**Prerequisite(s):** Completion of the first year Kinesiology program and registration in Kinesiology. The course is designed to accommodate a diversity of skill levels.

30 lab/lecture hours, 0.25 course.

Note: Because this course may be offered off campus and/or outside normal course timetable days and dates, students should contact the School of Kinesiology to confirm location, dates, times and associated costs for travel and expense.

**Kinesiology 2922Q/R/S/T – Badminton**
This course is designed to present the student with the skills, techniques, rules, strategies and tactics of badminton play. The development of skill technique and execution, together with playing ability will be the primary focus.

**Kinesiology 2950Q/R/S/T – Special Topic in Sport Skills**

The development of skilled performance in selected Sport Skills Topics as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities. Contact the Kinesiology Undergraduate Office for specific sport skills topic. 

**Antirequisite(s):** the former Kinesiology 2223Q/R/S/T

**Prerequisite(s):** Registration in Kinesiology.

5 lecture/lab hours per week for 6 weeks, 0.25 course.

---

**Kinesiology 2951Q/R/S/T – Special Topic in Sport Skills**

The development of skilled performance in selected Sport Skills Topics as well as a study of some key principles in teaching these activities in physical education. The application of principles of biomechanics, learning progressions, error detection/correction methods, and safety considerations in teaching these activities. Contact
the Kinesiology Undergraduate Office for specific sport skills topic. Prerequisite(s): Registration in Kinesiology.

**Antirequisite(s):** the former Kinesiology 2224Q/R/S/T

**Prerequisite(s):** Registration in Kinesiology.

5 lecture/lab hours per week for 6 weeks. 0.25 course

**Kinesiology 2960A/B – Games of Lower Organization**
An introduction to simple games with basic rules, procedures, and equipment that promote the joy of physical activity, develop gross motor skills, and encourages life-long play.

**Antirequisite(s):** Kinesiology 2224Q Summer 2008; Kinesiology 2224Q (003) 2008-09; 2224Q/R 2009-10. Kinesiology 2030A/B

**Prerequisite(s):** Registration in the School of Kinesiology.

4 lecture/laboratory hours, 0.5 course.

**Kinesiology 2961A/B – Foundations of Training Technique**
An introduction to the basic knowledge and techniques associated in designing exercise programs for beginners. Students will be expected to learn and put into practice techniques used to develop muscular endurance, muscular strength and cardiovascular fitness. The student will train for eight weeks.

**Antirequisite(s):** Kinesiology 2204Q/R/S/T. the former Kinesiology 2040A/B

**Prerequisite(s):** Completion of first year Kinesiology program and registration in the School of Kinesiology.

5 lecture/laboratory hours, 0.5 course.

**Kinesiology 2962A/B – Exercise for Specific Populations**
This student-centred activity class is an introduction to the basic knowledge and techniques essential in designing exercise programs for specific populations. Students are expected to learn and put into practice techniques used to develop muscular strength and endurance, flexibility and cardiovascular fitness.

**Antirequisite(s):** The former Kinesiology 271b 2006-07; Kinesiology 229b 2007-08; Kinesiology 2201B 2008-09; Kinesiology 2201A/B 2009-10. the former Kinesiology 2042A/B

**Prerequisite(s):** Registration in the School of Kinesiology.

5 lecture/laboratory hours per week, 0.5 course

**Kinesiology 2980A/B – Special Topics in Movement Skills**
The development of movement skills in selected areas of study. Topics will consider key principles, concepts and processes associated with how individuals acquire, analyze, train for, and instruct specific movement skills. Students will be expected to demonstrate competency of learning progressions, error detection/correction methods, and safety considerations. Contact the Kinesiology Undergraduate Office for specific topic.

**Antirequisite(s):** the former Kinesiology 2200A/B

**Prerequisite(s):** Registration in the School of Kinesiology.

5 lecture/laboratory hours per week, 0.5 course

**Kinesiology 2981A/B – Special Topics in Movement Skills**
The development of movement skills in selected areas of study. Topics will consider key principles, concepts and processes associated with how individuals acquire, analyze, train for, and instruct specific movement skills. Students will be expected to demonstrate competency of learning progressions, error detection/correction methods, and safety considerations. Contact the Kinesiology Undergraduate Office for specific topic.

**Antirequisite(s):** the former Kinesiology 2201A/B

**Prerequisite(s):** Registration in the School of Kinesiology.

5 lecture/laboratory hours per week, 0.5 course

**Kinesiology 3902Q/R/S/T – Basketball Coaching**
The theory and strategies of coaching basketball.

**Antirequisite(s):** the former Kinesiology 3302Q/R/S/T

**Prerequisite(s):** Kinesiology 2202Q/R/S/T.

Five lecture/lab hours per week for 6 weeks, 0.25 course.

**Kinesiology 3905Q/R/S/T – Football Coaching**
The theory and strategies of coaching football.

**Antirequisite(s):** the former Kinesiology 3305Q/R/S/T

**Prerequisite(s):** Kinesiology 2205Q/R/S/T.

Five lecture/lab hours per week for 6 weeks, 0.25 course.
Kinesiology 3908Q/R/S/T – Ice Hockey Coaching
The theory and strategies of coaching ice hockey.
**Antirequisite(s):** the former Kinesiology 3308Q/R/S/T
**Prerequisite(s):** Kinesiology 2208Q/R/S/T.
Five lecture/lab hours per week for 6 weeks, 0.25 course.

Kinesiology 3910Q/R/S/T – Rugby Coaching
The theory and strategies of coaching rugby.
**Antirequisite(s):** the former Kinesiology 3310Q/R/S/T
**Prerequisite(s):** Kinesiology 2210Q/R/S/T.
Five lecture/lab hours per week for 6 weeks, 0.25 course.

Kinesiology 3915Q/R/S/T – Swimming Coaching
The theory and strategies of coaching swimming.
**Antirequisite(s):** the former Kinesiology 3315Q/R/S/T
**Prerequisite(s):** Kinesiology 2215Q/R/S/T.
Five lecture/lab hours per week for 6 weeks, 0.25 course.

Kinesiology 3916Q/R/S/T – Tennis Coaching
The theory and strategies of coaching tennis.
**Antirequisite(s):** the former Kinesiology 3316Q/R/S/T
**Prerequisite(s):** Kinesiology 2216Q/R/S/T.

Prerequisite(s): Completion of the first-year Kinesiology program and registration in the School of Kinesiology; Kinesiology 2215Q/R/S/T (Swimming Skills) OR Life Saving Society Bronze Cross certification (documentation must be shown to instructor on the first day of class).
5 lecture/lab hours per week, 0.5 course.
Note: To receive the National Lifeguard Service (NLS) certification, a student must attain a minimum final grade of 75% and complete all components of the course successfully. Students will be required to pay a NLS certification fee.

Kinesiology 3961A/B – The Art and Science of Personal Training
This course will prepare students for CPTN certification and provide specific skills and knowledge necessary to be employed as a Personal Trainer. Students will be exposed to various methods of training (beyond machines and free weights) and spend a minimum of 20 hours in a practicum (field experience) situation.
Antirequisite(s): the former Kinesiology 3304Q/R/S/T
Prerequisite(s): Kinesiology 2040A/B (with a grade of at least 75%); Anatomy and Cell Biology 2221 or Kinesiology 2222A/B.
5 lecture/lab hours, 0.5 course.

Kinesiology 3980A/B – Special Topics in Movement Skills
The development of movement skills in selected areas of study. Topics will consider key principles, concepts and processes associated with how individuals acquire, analyze, train for, and instruct specific movement skills. Students will be expected to demonstrate competency of learning progressions, error detection/correction methods, and safety considerations. Contact the Kinesiology Undergraduate Office for specific topic.

Antirequisite(s): the former Kinesiology 3300A/B
Prerequisite(s): Registration in the School of Kinesiology.
5 lecture/lab hours per week, 0.5 course.

Kinesiology 3981A/B – Special Topics in Movement Skills
The development of movement skills in selected areas of study. Topics will consider key principles, concepts and processes associated with how individuals acquire, analyze, train for, and instruct specific movement skills. Students will be expected to demonstrate competency of learning progressions, error detection/correction methods, and safety considerations. Contact the Kinesiology Undergraduate Office for specific topic.

Antirequisite(s): the former Kinesiology 3301A/B
Prerequisite(s): Registration in the School of Kinesiology.
5 lecture/lab hours per week, 0.5 course.

Effective September 1, 2012 the following changes be made to the Kinesiology Modules.

HONORS SPECIALIZATION IN KINESIOLOGY – BSC
Admission Requirements

A minimum/maximum of four Physical Activity quarter courses (or equivalent) must be selected in each of second and third year; the remainder to be taken in fourth year.

Additional Information:
In the fourth year students will be encouraged to complete a field placement experience where they can share their expertise in games, dance, exercise and fitness and/or particular subject areas such as biomechanics, exercise physiology, motor learning, etc. Ideally the field placement will be in the school setting and during the day, but some may fall in after-school hours. Alternative placements would be in a community recreation program such as the YMCA or Boys and Girls Club. (Note: See Records Check and Vulnerable Sector Screening policy).

Students who wish to pursue a focus in coaching could choose to take the Kinesiology 4410A Introduction to Coaching and Kinesiology 4411Y Coaching Practicum combination where they will have the opportunity to experience hands-on coaching.

Prior to graduation it is recommended that students complete Education 2200E, Psychology 2062A/B and 0.5 Writing course.

Records Check and Vulnerable Sector Screening
Please refer to the policy in the Faculty of Health Sciences section of the calendar.

PHYSICAL ACTIVITY SKILLS AND COACHING COURSES

Quarter (0.25) courses are designated with the suffix Q, R, S or T which refers to the 6-week term in which the course is offered. A minimum/maximum of four Physical Activity quarter courses (or equivalent) must be selected in each of second and third years. One quarter course per six-week term may be taken during any academic year. No more than twelve 0.25 (or equivalent) activity courses are allowed in any Kinesiology degree.
Prior to graduation, a student must complete a minimum of eight 0.25 courses (or equivalent) in all Kinesiology degree programs, unless designated otherwise.

For details go to: www.uwo.ca/fhs/kin/ug/courses

Some of these activity courses may require additional expense by the student.

Dance 2275A/B, 2276A/B, 2375A/B, 2475A/B, 2476A/B may be combined with or replace Physical Activity Skill or Coaching courses.

Aquatic Requirement

All students must provide proof of meeting the aquatic requirement prior to the completion of Year 3.

The following options to meet the requirement are available: Kinesiology 2903 Q/R/S/T or the former 2203Q/R/S/T (Canoeing), Kinesiology 2911 Q/R/S/T or the former 2211Q/R/S/T (Sailing), Kinesiology 2915 Q/R/S/T or the former 2215Q/R/S/T (Swimming Skills), Kinesiology 2920 Q/R/S/T or the former 2020Q/R/S/T (Learn to Swim), pass a swim test, or provide proof of completion of Level 6 Red Cross or equivalent.

The deadline date to submit the aforementioned certification to the Undergraduate Program Office in Room 2225, 3M Centre, is April 30. Students who fail to comply by the deadline date will not be reviewed for progression to fourth year of their program. Contact the UG Program Office for more information.

SCHULICH SCHOOL OF MEDICINE AND DENTISTRY and FACULTY OF SCIENCE

BIOCHEMISTRY

Effective September 1, 2012, Biochemistry 3390A: Advanced Methods for Biochemistry will be introduced by the Department of Biochemistry in the Schulich School of Medicine & Dentistry.

Biochemistry 3390A: Advanced Methods for Biochemistry

Students will explore the chemical and physical underpinnings of biochemical phenomena by solving practical, real-world, quantitative problems. Students will learn how to answer biochemical research questions by applying advanced experimental strategies and techniques, including methods in bioinformatics and the mining of biochemical databases.

Prerequisite(s): Biochemistry 2280A with a mark of at least 65%; either Chemistry 2213A/B with a minimum mark of 65% or Chemistry 2273A with a minimum mark of 60%; either Chemistry 2223B with a minimum mark of 65% or Chemistry 2283G with a minimum mark of 60%.

Pre- or Co-Requisite: Biochemistry 3381A

2 lecture hours, 1 tutorial hour
0.5 course.

Effective September 1, 2012, the Honors Specialization module in Biochemistry, offered by the Department of Biochemistry in the Schulich School of Medicine & Dentistry, will be expanded from 9.0 to 9.5 courses by the addition of Biochemistry 3390A: Advanced Methods for Biochemistry, to the module. The addition of Calculus 1500A/B as an alternative to Calculus 1000A/B, as well as revisions to 4000-level Biochemistry course offerings, will be reflected in the Honors Specialization module.

HONORS SPECIALIZATION IN BIOCHEMISTRY

Enrollment in this module requires registration in the BMSc program and is limited. Meeting the minimum requirements does not guarantee that students wishing to enter or progress in this module will be offered enrollment. See BMSc PROGRAM for more detailed information.

Admission Requirements

Completion of first-year requirements with no failures. Students must achieve a mark of at least 60% in each of the 3.0 (full or half) principal courses below and have an average of at least 70% on these principal courses:

1.0 course: Biology 1001A and 1002B, or the former Biology 1222 or 1223.
1.0 course: Chemistry 1100A/B and 1200B, or the former Chemistry 1020, 1050, or 023.
1.0 course from: Calculus 1000A/B or 1100A/B or 1500A/B, Calculus 1301A/B or 1501A/B, Mathematics 1600A/B or the former Linear Algebra 1600A/B, Mathematics 1225A/B, 1228A/B, 1229A/B, Statistical Sciences 1024A/B, Applied Mathematics 1201A/B or the former Calculus 1201A/B, Applied Mathematics 1413, or the former Mathematics 030.  

The following must be completed by the end of second year, with a mark of at least 60% in each half course: 

0.5 course from: Physics 1028A/B, 1301A/B or 1501A/B. 
0.5 course from: Physics 1029A/B, 1302A/B or 1502A/B. 

It is recommended that the two half courses in Physics be taken in the Fall and Winter terms of the same academic year. 

Notes for Admission Requirements: 
1. Biology 1201A with a mark of at least 70% may be used in place of Biology 1001A, and Biology 1202B with a mark of at least 70% may be used in place of Biology 1002B. 
2. Either the former Physics 1020 or 1024 with a minimum mark of 60%, may be used in place of two half courses in Physics listed above. 

Module 

**9.5 courses:** 
(Because of prerequisite requirements it is recommended that the courses be taken in the order presented.) 

0.5 course: Biochemistry 2280A. 
0.5 course: Biology 2581B. 
0.5 course from: Biology 2244A/B or Statistical Sciences 2244A/B, or the former Statistical Sciences 2122A/B. 
0.5 course from: Chemistry 2213A/B or 2273A. 
0.5 course from: Chemistry 2223B or 2283G. 
1.0 course from: Biology 2290F/G, 2382B, Chemistry 2211A/B, 2214A/B, 2374A or the former 2274A, Chemistry 2384B or the former 2284B. 
2.0 courses: Biochemistry 3380G, 3381A, 3382B, 3390A. 
2.5 courses: Biochemistry 4410A, **4420A or the former 4420B**, 4483E (Research Project = 1.5 courses). 
1.5 courses from: Biochemistry **4400G or the former 4400F**, 4430B, 4435B, 4445F, 4450A, 4463G, 4465A, the former **4440A**. 

Notes for Module: 
1. Students registered in Year 3 or 4 of the Honors Specialization module in 2011 or earlier will require only 9.0 courses for the module (Biochemistry 3390A will not be required). 
2. Enrollment in Biochemistry 3381A and **3390A** requires a minimum mark of 65% in Biochemistry 2280A; either Chemistry 2213A/B with a minimum mark of 65% or Chemistry 2273A with a minimum mark of 60%; and either Chemistry 2223B with a minimum mark of 65% or Chemistry 2283G with a minimum mark of 60%. 
3. It is recommended that students include at least one of Biology 2290F/G, Chemistry 2214A/B, or Chemistry 2374A (or the former Chemistry 2284B).

**FACULTY OF SOCIAL SCIENCE**

**ANTHROPOLOGY**

*Effective September 1, 2012. Anthropology 3340A/B will be added to the Academic Calendar as a regular Department of Anthropology, Social Science Faculty course offering.*

**Anthropology 3340A/B, Biomedical Anthropology and Evolutionary Medicine**  
The role of bioanthropology in the genesis of the emerging field of evolutionary medicine is explored. We examine the natural history of the diseases that affect modern western societies as reconstructed from our ancestral remains and historical texts, and the implications of disease history for understanding causes of modern diseases.  
Prerequisites: one of: Anthropology 2226A/B, Biology 1001A or Biology 1201A  
3 lecture hours, 0.5 course
SOCIOLOGY

Effective September 1, 2012, Sociology 4452F/G The Social Construction of Sexual Deviance will be introduced in the Faculty of Social Science.

Sociology 4452F/G The Social Construction of Sexual Deviance
This course will explore the social construction of various forms of sexual deviance from sociological, criminological, historical, cultural, raced, classed, gendered and queer frameworks. The course will examine theoretical conceptions of normalcy versus deviance and move into discussions about both legal and illegal forms of sexual deviance.
Antirequisite(s): Sociology 4485F taught in 2011
Prerequisite(s): Enrollment in fourth year of the Honors Specialization in Criminology.
3 seminar hours, 0.5 course.

Effective September 1, 2012, the following courses will be introduced in the Faculty of Social Science.

Sociology 2106A/B Technology and Society
Students will learn about how digital tools have led to the development of a high-tech society characterized by customization, individualism and privatization. The course covers topics such as innovation in the technology sector, Facebook, online surveillance, digital inequality, and immaterial labour.
2 lecture hours, 0.5 course.

Sociology 2275A/B Advertising, Media and Society
This course critically examines advertising as a social institution. Advertising is approached as a powerful industry that shapes our media and cultural landscape, and also as a dominant (but skewed) socio-cultural storyteller.
Antirequisite(s): SOC 3372F/G
Prerequisite(s): Sociology 1020 or 1021E and Sociology 2172A/B.
3 lecture hours, 0.5 course.

Sociology 3301F/G The Internet and Society
This course will investigate various internet platforms and the social implications these have for our understanding of social phenomena, such as friendship, work, and privacy. The aim is to not only have a good understanding of Internet theories, but also of the methodological challenges inherent in studies of the sociodigital.
Prerequisite(s): Enrollment in third or fourth year of Sociology or Criminology Honors Specialization or Honors Double Major
3 seminar hours, 0.5 course.

Sociology 4407F/G Criminological Theory and Research
This seminar will review and discuss major criminological theories and related empirical research. The course will examine empirical patterns associated with crime, violence and deviance; as well as the sociology of the criminal justice system.
Antirequisite(s): Sociology 4486G taught in 2010
Prerequisite(s): Enrollment in fourth year of the Honors Specialization in Criminology.
