**Academic Information**

**Academic Appeals, Undergraduate Student**
westerncalendar.uwo.ca

The University Senate has delegated to each Dean the right to waive any academic regulation. The Deans' rulings in academic matters are final unless overturned or modified on appeal to the Senate Review Board Academic (SRBA). SRBA is the final body to which students may appeal certain rulings of Deans in academic matters, and its decisions are final. Contact your faculty for further details.

**Academic Calendar**
westerncalendar.uwo.ca | 519-661-2100
The Academic Calendar is the official record of academic programs and university-wide academic policies as reviewed and approved by Senate and its relevant committees, necessary for the University to fulfill its academic role and mission.

The 2018-19 Academic Calendar will be available online in February 2018.

**Academic Counselling**
See ‘Program & Academic Counselling’ chart on previous page.

**Breadth Requirements for Bachelor Degrees**
westerncalendar.uwo.ca

At least 1.0 course must be chosen from each of the three Categories A, B, and C. Two of Categories A, B, and C are required in first year. Any outstanding breadth requirement not completed in first year must be completed prior to graduation. For the courses offered in each category, please visit the website above.

**Breadth Requirements for First Year**
westerncalendar.uwo.ca

First-Year Program
Students registering in general first-year programs must choose courses that fulfill the basic requirement of 5.0 courses numbered 1000-1999. The 5.0 courses must include at least four different subjects with no more than 2.0 courses in one subject. Students are encouraged to take an essay course in first year. Additionally, students are subject to the Breadth Requirements listed on [www.uwo.ca/univsec/pdf/academic_policies/registration_progression_grad/registration_progression.pdf](http://www.uwo.ca/univsec/pdf/academic_policies/registration_progression_grad/registration_progression.pdf)

**Essay Course Requirements**
Satisfactory completion of at least 2.0 designated essay courses, at least 1.0 of which must be senior (numbered 2000 - 4999). The 2.0 essay courses must be completed through Western or through one of its Affiliated University Colleges.

Exception: Students who are admitted with 10.0 advanced standing credits are required to complete 1.0 designated senior essay course (numbered 2000 - 4999) through Western or one of the Affiliated University Colleges.

**Community Engaged Learning (CEL) Courses**
519-661-3559 | cel.uwo.ca

CEL courses blend community-based projects with academic learning, and are offered in many disciplines at Western. Projects are based on community-defined needs and are intended to be beneficial to both the community and the student(s). Students gain exposure to community leaders, real-world issues, and the opportunity for professional skill-building through CEL courses. Visit cel.uwo.ca to see the CEL courses in your program/faculty.

**Distance Studies**
519-661-2100
registrar.uwo.ca/applying/distance_studies

Western’s Distance Studies will let you pursue University studies if you cannot attend regular classes. Today’s distance courses may include multimedia materials and take advantage of web-based communication technologies. Check out the Part-Time Calendar or the online timetable to see which courses offer distance options. The website also gives a more detailed description of Distance Studies programs, as well as information on how to apply.

**Draft My Schedule**
An interactive timetabling tool to aid students in the building of a conflict-free timetable. Through the Draft My Schedule tool, you will be able to: save versions of your draft schedule for future use; block off times and days to see if you can create a schedule around work, athletics, or other commitments; print a PDF copy of your schedule; view your full schedule once you have registered in courses; and view your enrollment appointment (once generated).

To access this tool, visit student.uwo.ca and click on the ‘Draft my Schedule’ link under ‘Western Links’. Once you have created your class schedule, you MUST log into your Student Center to formally register in your classes.

**Grades**
See ‘Student Central’ section on page 63.

**Grade Appeals and Other Requests for Relief**
A student may request that a grade on a particular piece of work, or a final standing in a course or program, be changed; OR a student may request an exemption from a Senate academic regulation. The subject of a request for relief can range from waiver of progression requirements, to accuracy of grades on examinations or assignments, to appropriateness of sanctions imposed for scholastic offences. Such a request can include questions of fairness or appropriateness of general grading practices, and can be launched regardless of whether a record of the student’s work exists.

If you are considering an appeal of any kind, you should read “Academic Rights and Responsibilities” and other relevant policies and procedures in the Calendar, westerncalendar.uwo.ca. The Handbook of Academic and Scholarship Policy westernu.ca/univsec is also useful. Graduate students should visit grad.uwo.ca/current_students/regulations/11.

For more information contact the Office of the Ombudsperson or visit westernu.ca/ombuds.

**Graduation**
See ‘Graduation’ section on page 41.

**Personal Timetables**
519-661-2100

Personal timetables can be found on your Student Center at student.uwo.ca once you have added courses.

O-Week
oweek.ca
Orientation Week is one of the most important programs the University and the USC provide for new students attending Western. O-Week offers an incredible opportunity to build memories, learn about campus resources and create connections with faculty, staff and fellow students.

Not only does the program help welcome the incoming class of undergraduate students, it also provides 800 volunteer positions for upper-year students. Each Orientation Leader (Soph) is chosen through a selection process from a pool of 3,000 applicants. There are four different types of leadership positions available: Residence & Off Campus Sophs, Faculty Sophs, Affiliated University College Sophs, and Charity Orientation Leaders.
A number of senior leadership positions are also available, including: Head Soph, Programming Assistant, or a member of Orientation Staff, which are groups of students who work directly with the Orientation Planning Committee to organize constituency-based events during O-Week.

An Orientation Pass (better known as an O-Pass) is your ticket to all of the O-Week excitement. The O-Pass Fee is automatically included in Ancillary Fees for first time, full-time, first-year undergraduate students, both domestic and international. This means these students do not have to purchase the O-Pass (i.e. opt in). Students that do not have the O-Pass Fee covered as an Ancillary fee are: visiting/exchange students (who are not coded as year 1), students who are given advanced standing and entering their programs in upper years, year 1 students who have previously attended Western (such as those repeating their year 1 or returning into year 1 of a new program), transfer students, and Fanshawe/Western collaborative nursing students (Fanshawe site). Students who will not be charged the O-Pass Fee through Ancillary fees may still opt in. The O-Pass will be $90. Students will be able to opt out of the O-Pass fee from July—August 15. The opt-out process will be done online, with more information on the O Week website.

These questionnaires are an important way for students to contribute to the quality of courses and instruction at Western. The results help the Western community acknowledge outstanding teaching and courses while also indicating where we could improve. It is also used in Western’s regular faculty review procedures, including promotion and tenure decisions, and it can help students select future courses. Western has moved the questionnaire process online using the Your Feedback online administration system. The move online reflects Western’s commitment to sustainability by eliminating approximately 225,000 sheets of paper per year. Your Feedback also allows students to conveniently fill out questionnaires on their own devices. Students are notified through email when their course questionnaires are available. Remember: When you see the link, tell us what you think!

Wait five business days from the time you made your payment. If it has been longer than two weeks, ensure payment has been deducted from your bank account and have your bank trace the funds. Keep checking student.uwo.ca to see if payment is posted.

Fee Deferment
Students using OSAP to pay their tuition, and have an assessment by the tuition due date that covers the first installment will be granted an automatic deferral until the funding is available in September. The second installment of tuition will be due in December. The first
installment of OSAP needs to cover the first installment of tuition. Any balance not covered needs to be paid by the tuition due date. Students receiving OSAP funding may wish to pay in two installments.

**Avoiding Additional Penalties**

Payment must be received in our office by the tuition deadline on your statement of account. Payments received after the tuition deadline will be assessed a late payment penalty. Contact Student Central if you have any inquiries regarding fee payment.

**How to Make a Tuition Fee Payment**

Payments for tuition fees can be made via internet banking through any Canadian bank. Your student number is your account number for internet payments. Be sure to pay in advance of the due date to ensure payment is received on time/before the deadline. Students can pay in person at Student Central located in the Western Student Services Building with cheque or Canadian debit. Please note: cash and credit cards are not accepted for tuition payments. Wire transfers for students out of country can be made. Please visit our Fees area for more information: registrar.uwo.ca/student_finances/fees_refunds.html.

**Scholarship Payment**

Scholarships for first-year students are not confirmed until after first installment tuition fees are due. Students in scholarship contention should pay the full amount of their tuition fees or their first installment to avoid late payment charges. Anticipated Admission Scholarships cannot be deducted from the first installment. When the scholarship is confirmed, it will be applied to your tuition account by September 30. If this results in a credit on your account, a refund will be issued in early November. Enrol in direct deposit at student.uwo.ca.

**Work Study**

registrar.uwo.ca/student_finances/work_study.html

Residences at Western are some of the best in the country. Student satisfaction surveys have placed Western’s residences number one for 11 consecutive years.

At Western, residence offers more than just a place to eat and sleep. It also engages and connects you to the campus and fosters your growth as a leader. The Residence Life program is geared toward helping you achieve your academic goals while creating an atmosphere of community and personal growth. We strive to assist you in attaining valuable leadership and employability skills by providing countless professional development opportunities.

We are very proud of the residence facilities at Western. Currently, there are nine on-campus residence buildings with over 5,000 spaces available in three different residence building types. The traditional-style building features single and double rooms with shared floor washrooms. It offers an easy way to meet new people, make friends, and get involved. Suite-style features single bedrooms with a shared kitchen, washroom(s) and living space among four people. The recently built hybrid-style residences are equipped with both single and double rooms, and semi-private washrooms. They offer the best of both worlds—the privacy of suite-style with the social connections of traditional.

Among the nine residence halls, Alumni House and London Hall are designed for upper-year students and a meal plan is optional. Layouts feature single bedrooms with double-size beds, a shared kitchen, washroom(s), and living space. Enjoy the interaction with your peers in these upper-year buildings along with increased independence. In all residences, upper-year students are always guaranteed a single room for their preference of privacy. In November, students will have access to the upper-year residence application on our website (myhousing.uwo.ca), which will allow them to choose their residence as well as their room.

The in-residence dining halls, with a six-week menu cycle, offer a variety of food options to best suit the dietary preferences of students from all over the world. Safety and security are important to us: day or night, there is always someone just a phone call away at our residence Front Desks. The support of residence staff complements the numerous safety benefits of on-campus living, and contributes to your best possible residence experience.

Privacy Policy

westernu.ca/privacy

With the extension of the Freedom of Information and Protection of Privacy Act (FIPPA) to Ontario universities in June 2006, records under Western’s custody or control are subject to this provincial legislation. The two key principles that underlie the Act — public access to information and protection of personal privacy — are principles that Western had taken seriously for many years prior to the application of FIPPA.

In 1996 the Board of Governors approved The University of Western Ontario Guidelines on Access to Information and Protection of Privacy. The principles upon which the Guidelines are based include the following: as a general rule, with the exception of personal information, information contained in University records should be available to members of the University community and to members of the public more generally; exemptions from the general principle favouring access should be as limited and specific as possible; and collection, retention, use, and disclosure of personal information contained in University records should be regulated in a manner that will protect the privacy of individuals who are the subject of such information.

Currently, Western endeavours to provide both the University community and the public with broad access to its records. It continues its efforts to protect the personal information of all individuals who come into contact with the University, be they students, alumni, faculty, staff, or members of the general public. The goal has been to ensure that all information is dealt with appropriately, whether in accordance with University policies or legislation. The latter includes, for example, requirements laid out in the Freedom of Information and Protection of Privacy Act and in the federal Personal Information Protection and Electronic Documents Act (PIPEDA), to the extent that the latter Act is applicable to the University.

Western has established an Information and Privacy Office located in the University Secretariat and appointed an Information and Privacy Coordinator. This Office is responsible for the day-to-day administration of FIPPA and other related legislation. An Advisory Committee has been formed to assist the Coordinator with the task of implementation. Members of the Committee include: Director of the Information and Privacy Office, University Secretary, University Archivist, University Legal Counsel, Director of Internal Audit;
**SERT: Student Emergency Response Team**

519-661-2111 ext. 84824 | sert.uwo.ca

General Inquiries: shs-ert@uwo.ca

First Aid Courses: sert-firstaid@uwo.ca

The Student Emergency Response Team (SERT) is a student-run, volunteer organization providing EMS response to 911 calls on Main, Brescia, and Huron campuses. Our 50 team members provide service 24 hours a day, 7 days a week during the academic school year and 8:30AM-4:30PM weekday service from May to August. We are dispatched through the Campus Community Police Service (CCPS) to any medical emergency on-campus, responding in three-person co-ed teams.

**Time Commitment**

Each SERT member is responsible for volunteering one on-call shift per week. These shifts run during the day from 8AM–6PM and overnight from 6PM–8AM. Sleeping accommodations are provided for overnight shifts. Every SERT member is also required to attend monthly training sessions which are approximately 5 hours in duration. While on-call, a SERT member can do regular daily activities (e.g. homework, work out at Campus Rec, watch a movie at Western Film) and therefore will have time to complete assignments and school work while on-call.

**The Application Process**

SERT accepts applications in September of each academic year. There are seven stages to the application process as outlined on our website. In order to apply to SERT you must have a minimum requirement of Standard First Aid and CPR C, or its equivalent according to the Workers’ Compensation Board. Applications are due online early in September, immediately after Orientation Week. Please visit our website for application deadlines.

**First Aid Training**

SERT proudly offers a variety of Canadian Red Cross first aid courses, including Standard First Aid & CPR C courses and re-certifications. All proceeds from SERT’s education program go towards sustaining our Team’s Emergency Response on campus. All of our instructors are trained Emergency Medical Responders on campus and bring a wealth of knowledge and experience to the classroom.

For more information visit our website: sert.uwo.ca/courses/courses.php.

**Western’s Disaster Plan**

During emergency situations the Fire Safety & Emergency Management (FSEM) works with responding teams, such as London Fire, to support liaisons between Western and emergency personnel. For more information about Western’s Disaster plan, visit the Campus Police website at westernu.ca/police and look under the ‘Resources’ tab.

**Fire Safety**

Fire Safety Service is the focal point for the coordinated administration of the University Fire Safety program. Fire Safety Procedures identify ways to recognize, mitigate, and prevent fire hazards and maintain a safe campus environment. Fire Safety Service provides those within the University Community with information to help them report and respond effectively to fire-related hazards or incidents. For more information on Fire Safety services and procedures, please visit fire.uwo.ca.

**Severe Weather Siren**

If you hear the Campus Siren, seek shelter immediately. Protective areas for shelter from a tornado may be sought in buildings of substantial masonry construction. In an emergency, most campus buildings have spaces that may be used as protective areas. These areas can usually be found in interior spaces or hallways away from exterior walls and windows. For more information visit uwo.ca/weather_siren.

**Weather Updates**

Western’s Campus Community Police monitor local Environment Canada forecasts for weather affecting the campus community. In the event of extreme weather, check uwo.ca/weather frequently for updates on disruptions to University operations and class cancellations.

Admission Scholarships

In order to be eligible for an admission scholarship, a student must apply for admission directly from secondary school to Western’s main campus for full-time first-year studies. International students are eligible to be considered for the Western Admission Scholarships. Eligibility is based on successful completion of the secondary school diploma and on the student’s final admission average, including prerequisite courses, as calculated by Western for the program to which the student has confirmed acceptance. Western will determine averages for applicants who are not studying in a Canadian secondary school curriculum based on: curriculum, grading practices, and grading scale interpretation.

Official Western Admission Scholarship notification will be emailed to eligible students in late August and the value of the scholarship will be applied to the student’s tuition account by the end of September.

In-Course Scholarships and Awards

In-Course Scholarships and Awards are established and funded by individual donors, corporations, faculties, departments, and the University. Scholarships and Awards are given out in the fall of each year based on the student’s previous academic performance and current registration.

Eligibility

Once a student has completed one year of studies at Western’s main campus, they become eligible for In-Course Awards. Eligibility of all scholarships and awards granted by Western are reserved for students registered at the Main Campus only, unless the provisions of a particular award state otherwise. Students must have completed their prescribed academic program requiring five or more full courses in the previous year, and currently be registered in a full-time course load as determined by their enrolled program. Students who completed their previous academic year at an Affiliate University College or institution other than Western are not eligible.

Academic Merit Scholarships

Scholarships and Awards are established and funded by individual donors, corporations, faculties, departments, and the University. Scholarships and Awards are awarded in the Fall of each year based on the student’s previous academic performance and current registration. These In-Course Scholarships are granted to students based on academic merit only. Recipients are selected by way of nomination from their faculty. Applications are not required for these scholarships. These awards are taxable income and students are issued T4As in February for the previous taxation year.

Combined Academic Merit Awards

These are awarded to students based on a combination of academic merit and one or more non-academic requirements, such as participation in extra-curricular activities and demonstration of leadership qualities. Each award has its own academic criteria and guidelines.

Application Information

The deadlines for these awards vary from September 30 to February 28 of each year, depending on the terms of the award. Please refer to the individual award application for specific details. Applications can be downloaded beginning in September online. Recipients will be chosen and notified within two months of the award deadline.

**Q: How will I know which textbooks to buy?**

A: The Book Store at Western provides two online options so that you can access your textbook list before classes start:

1. Personal Textbooks List at [student.uwo.ca](http://student.uwo.ca) under Around Campus.

If your list is not complete, check back often. As textbook orders are processed, updates are posted on The Book Store’s website daily.

**Q: How much should I budget for buying textbooks?**

The amount to budget for textbooks will depend on the number of courses you are taking, your professors’ requirements, your major and other factors. Because students typically buy school supplies like paper, notebooks, study guides, pens, dictionaries and more at the same time, it’s helpful to budget those expenses together. According to the National Association of College Stores, the average full-time student spends $750 to $800 per school year for course materials and supplies. Your actual purchases may vary.

**Western Fight Song**

Western, Western, Western U  
College fair and square  
Arts and Meds are strong for you  
Deny it if you dare.

White and purple colours are  
worn by all who know  
Just which college is the best  
Come and let us show.

That this U is our U and for her we’ll strive to  
Do our best to fight with might and mane.  
We will always adore her  
Our old Alma Mater  
Western School of Fame.  
When Western U goes marching down the field  
We know our team will never ever yield  
And though the other team has lots of pep  
When they see our team they’ll know  
They’re out of step.

And when the game goes down in history  
It’s just another Western victory  
Let all our cheers go out for  
Western U, Western U
